- Prepare the abstract using the tex template that can be downloaded from the meeting website.
- Please do not delete any command line in the tex template.
- Confine the abstract to ONE A4 page, references and figures included. Abstracts should be 'camera ready'
- References should be directly marked by numbers (e.g. [1] etc.) and added at the end of the text.
- Abstracts may contain graphics or figures, but note that they will be printed in black and white, not colour.
- Add symbols and special characters following the LaTeX conventions:

e.g. $e^- + AB \rightarrow A^- + B$.

- For organisational purposes please give your abstract a filename according to speaker surname:
Surname.tex

An example of this would be: Bishop.tex

- The abstracts should be submitted as a .tex and .pdf documents, by e-mail (with subject heading Abstract Submission own name) to Beverley Bishop - **beverley.bishop@open.ac.uk**.
